

5th BRITISH EUROPEAN ORTHOPAEDIC FOOT AND ANKLE FELLOWSHIP

Programme – 01/09/25 to 25/11/25

WELCOME

01/09/25 (Monday): Welcome to the BEOFAA Online Fellowship - Maneesh Bhatia – Manuel Monteagudo

Introduction from the BEOFAA directors to welcome all the fellows and introduction to the faculty

FOREFOOT

02/09/25 (Tuesday): Great toe issues (Bunion & Arthritis) - How to fix? – Maneesh Bhatia

All the issues related to hallux including a range of treatment options tailored to the individual patient

04/09/25 (Thursday): Visual gait analysis & pathophysiology of forefoot disorders – Manuel Monteagudo

A masterclass on clinical assessment & biomechanics of the foot

Submit your cases to Maneesh & Manuel at BEOFAA platform info@beofaa.co.uk

09/09/25 (Tuesday) : Lesser toe issues– Robert Clayton (Chair Maneesh Bhatia)

Lesser toes but not lesser problems! A talk that will help to improve your understanding regarding complexity of forefoot disorders

11/09/25 (Thursday): Case/s of the week plus Tips and Tricks with Manuel Monteagudo

Practical case-based approach to interesting forefoot problems

16/09/25 (Tuesday): Great toe issues: A different perspective – Tim Clough (Chair Maneesh Bhatia)

Pearls of wisdom from an expert that you will not find in your books

18/09/25 (Thursday): Why does forefoot surgery fail? – Nikos Gougoulas (Chair Manuel Monteagudo)

An in-depth analysis of failures & tips for revision

MIDFOOT/HINDFOOT

23/09/25 (Tuesday): Case/s of the week plus Tips & Tricks with Manuel Monteagudo

Listen from the expert- Case based discussions and practical solutions to meet real life difficult clinic and operating room challenge

25/09/25 (Thursday): Pes plano valgus deformity– Maneesh Bhatia

Tibialis Posterior dysfunction/ Spring ligament/ Progressive collapsing flat foot? – A lecture that looks at the current controversies and an attempt for simplification of the complex dynamics

30/09/25 (Tuesday): Cavovarus deformity – Karan Malhotra (Chair Maneesh Bhatia)

Everything you need to know from pathogenesis to surgical strategies

02/10/25 (Thursday): Arthrodesis midfoot and hindfoot– Manuel Monteagudo

Indications/ Techniques/ Implant selection/ Outcome following fusion of midfoot/hindfoot

Submit your cases to Maneesh & Manuel at BEOFAA platform info@beofaa.co.uk

ANKLE

14/10/25 (Tuesday): Ankle fusion surgery – Maneesh Bhatia

How does ankle arthrodesis affect gait & function? Arthroscopic versus open techniques

16/10/25 (Thursday): Ankle arthroplasty – Yasser Aljabi (Chair Manuel Monteagudo)

Indications/ Contraindications/ Learning curve of the surgeon and patient selection

21/10/25 (Tuesday) : Case/s of the week plus Tips and Tricks – Maneesh Bhatia

Interesting cases/s and sharing the experience for complex ankle problems

23/10/25 (Thursday): Joint preservation in ankle arthritis – Norman Espinosa (Chair Manuel Monteagudo)

*Limits of deformity, surgical planning and surgical techniques to address ankle arthritis
– Alternative option to fusion and replacement*

DIABETES/ TRAUMA/ SPORTS

28/10/25 (Tuesday): Talus/Calcaneal fractures – Stefan Rammelt (Chair Manuel Monteagudo)

Complex trauma made simple: Pearls of wisdom

30/10/25 (Thursday): Charcot Arthropathy – Guest lecture (Chair Maneesh Bhatia)

How to deal with deformity arising due to diabetic (neuropathic) foot? Expert guidance to help you deal with complex scenarios

04/11/25 (Tuesday): Case/s of the week plus Tips & Tricks Trauma & Sports with Maneesh Bhatia

Practical case-based approach to demanding sport trauma scenarios

Submit your cases to Maneesh & Manuel at BEOFAA platform info@beofaa.co.uk

06/11/25 (Thursday): Ankle instability and Peroneal tendon disorders – Jesús Vilá y Rico (Chair Manuel Monteagudo)

How and when to operate the peroneal tendon and ankle instability? Arthroscopic versus open approach? How to avoid complications?

11/11/25 (Tuesday): Ankle Fractures – Hiro Tanaka (Chair Maneesh Bhatia)

Indications/ approaches/Trimalleolar fractures/ Ankle fractures in diabetics and elderly

13/11/25 (Thursday): Achilles tendinopathy and rupture – Manuel Monteagudo

How and when to operate Achilles tendinopathy and rupture? Timing of surgery. Approach and technique. How to avoid complications? When to weight bear? Post-op rehabilitation

18/11/25 (Tuesday) Ankle cartilage defects – Nick Cullen (Chair Manuel Monteagudo)

Role of bone marrow stimulation and chondrogenesis techniques/ Arthroscopic versus open approach

20/11/25 (Thursday): Dealing with large talar defect – Hindfoot reconstruction techniques – Mark Davies (Chair Maneesh Bhatia)

Autograft/ Allograft/ 3D reconstruction/ Nail versus plate

25/11/25: Fellow's Day (Case presentations by fellows)/ Best Fellow Award and Farewell - Maneesh Bhatia and Manuel Monteagudo

Last but not least Fellows to present selected cases, Two Best Fellow award presentation and Farewell to all fellows -Goodbye but stay in touch!
