

7th BEOFAA FELLOWSHIP

British European Orthopaedic Foot & Ankle Academy

Programme: 08 Sept – 17 Dec 2026 | **Live sessions:** 7:00pm GMT (8:00pm CET)

A comprehensive online fellowship in foot and ankle surgery, delivered live by an international faculty of leading consultants. Fifteen weeks of masterclasses, case-based discussions and expert lectures spanning forefoot, midfoot/hindfoot, ankle, and diabetes/trauma/sports topics — culminating in Fellow's Day and the Best Fellow Award.

PROGRAMME AT A GLANCE

• Welcome	1 session
• Forefoot	5 sessions
• Midfoot / Hindfoot	3 sessions
• Ankle	5 sessions
• Diabetes / Trauma / Sports	8 sessions
• Fellow's Day & Closing	1 session

Submit your cases to Maneesh & Manuel via the BEOFAA platform info@beofaa.co.uk

W WELCOME

08

SEP

Tue

Welcome to the BEOFAA Online Fellowship **Maneesh Bhatia & Manuel Monteagudo**

Introduction from the BEOFAA directors to welcome all the fellows and introduce the faculty.

F FOREFOOT

10

SEP

Thu

Visual gait analysis & pathophysiology of forefoot disorders

Manuel Monteagudo

A masterclass on clinical assessment & biomechanics of the foot.

15

SEP

Tue

Great toe issues (Bunion & Arthritis) — How to fix?

Maneesh Bhatia

All the issues related to hallux, including a range of treatment options tailored to the individual patient.

22

SEP

Tue

Morton's neuroma and lesser toe issues

Maneesh Bhatia

Lesser toes but not lesser problems! A talk to improve understanding of the complexity of forefoot disorders, including the controversial Morton's neuroma.

24

SEP

Thu

Cases of the Week plus Tips and Tricks **CASE-BASED**

Manuel Monteagudo

Practical case-based approach to interesting forefoot problems.

06

OCT

Tue

Minimum Invasive Surgery — Tips, Tricks & Pitfalls

Markus Walther

Chair: Maneesh Bhatia

Listen from the expert — case-based discussions and practical solutions to meet real-life difficult clinic and operating room challenges.

Submit your cases to Maneesh & Manuel at the BEOFAA platform — info@beofaa.co.uk

M MIDFOOT / HINDFOOT

08

OCT

Thu

Pes plano valgus deformity

Manuel Monteagudo

Tibialis posterior dysfunction / spring ligament / progressive collapsing flat foot? A lecture examining the current controversies and an attempt to simplify the complex dynamics.

13

OCT

Tue

Cavovarus deformity

Karan Malhotra

Chair: Manuel Monteagudo

Everything you need to know, from pathogenesis to surgical strategies.

15

OCT

Thu

Arthrodesis midfoot and hindfoot

Maneesh Bhatia

Indications / techniques / implant selection / outcomes following fusion of the midfoot and hindfoot.

Submit your cases to Maneesh & Manuel at the BEOFAA platform — info@beofaa.co.uk

A ANKLE

20

OCT

Tue

Ankle fusion surgery

Maneesh Bhatia

How does ankle arthrodesis affect gait & function? Arthroscopic versus open techniques.

27

OCT

Tue

Ankle arthroplasty

Yasser Aljabi

Chair: Maneesh Bhatia

Indications / contraindications / learning curve of the surgeon and patient selection.

29

OCT

Thu

My ankle replacement / fusion failed — how to salvage?

Tim Clough

Chair: Manuel Monteagudo

How to deal with big defects? Tips and tricks on gap filling and fixation.

10

NOV

Tue

Complications of total ankle replacements

Jesús Vilá y Rico

Chair: Maneesh Bhatia

How to avoid them? Does the lateral approach carry fewer or different complications? How to manage complications when they arise.

12

NOV

Thu

Joint preservation in ankle arthritis

Norman Espinosa

Chair: Manuel Monteagudo

Limits of deformity, surgical planning and techniques to address ankle arthritis — an alternative to fusion and replacement.

Submit your cases to Maneesh & Manuel at the BEOFAA platform — info@beofaa.co.uk

D DIABETES / TRAUMA / SPORTS

17

NOV

Tue

Primary ankle fracture fixation

Chair: Maneesh Bhatia

How to approach decision-making — to operate or not? What to do with our elderly population?

Nikos Gougoulas

19

NOV

Thu

Revision ankle fracture fixation

Chair: Manuel Monteagudo

How to deal with malreduced and malunited trimalleolar fractures?

Stefan Rammelt

24

NOV

Tue

Modern management of calcaneal fractures

Chair: Maneesh Bhatia

Practical case-based approach to planning, reduction and fixation of calcaneal fractures.

Lucky Jeyaseelan

26

NOV

Thu

Lisfranc injuries

Chair: Manuel Monteagudo

An in-depth analysis of how to approach subtle and not-so-subtle Lisfranc injuries.

Robert Clayton

01

DEC

Tue

Charcot arthropathy

Chair: Maneesh Bhatia

How to deal with deformity arising from the diabetic (neuropathic) foot? Expert guidance for complex scenarios.

Martinus Richter

03

DEC

Thu

Case/s of the Week plus Tips & Tricks: Trauma & Sports

CASE-BASED

Manuel Monteagudo

Practical case-based approach to demanding sport trauma scenarios.

08

DEC

Tue

Ankle cartilage defects

Chair: Maneesh Bhatia

Role of bone marrow stimulation and chondrogenesis techniques / arthroscopic versus open approach.

Nick Cullen

10

DEC

Thu

Achilles tendinopathy and rupture

Manuel Monteagudo

How and when to operate on Achilles tendinopathy and rupture? Timing of surgery, approach and technique. How to avoid complications? When to weight-bear? Post-op rehabilitation.

15

DEC

Tue

Dealing with large talar defect after trauma — hindfoot reconstruction techniques

Mark Davies

Chair: Manuel Monteagudo

Autograft / allograft / 3D reconstruction / nail versus plate.

17

DEC

Thu

Fellow's Day (Case Presentations) — Best Fellow Award & Farewell

CLOSING

Maneesh Bhatia & Manuel Monteagudo

Last but not least, Fellows present selected cases. Two Best Fellow Award presentations, and farewell to all fellows — goodbye, but stay in touch!

Submit your cases to Maneesh & Manuel at the BEOFAA platform — info@beofaa.co.uk
